2012 Prescription Drug Information Guide

June 2012

The cost of prescription medications can be overwhelming for people on a fixed income. This guide may give you some ideas on how to cut the cost of your prescription drugs.

1-800-548-9034

<http://www.state.il.us/aging/>

This publication has been created or produced by Illinois SHIP with financial assistance, in whole or in part, through a grant from the Centers for Medicare & Medicaid Services, the federal Medicare agency.

Prescription Drug Discount Plans *Questions to Ask Before You Buy*

Most discount prescription plans ARE NOT approved insurance plans regulated by the Illinois Department of Insurance. Avoid surprises later by asking these questions before you buy.

Eligibility

- ◆ Do I have to be a member of an association to enroll?
- ◆ Does the plan cover my spouse, my entire family, or just me?
- ◆ Is there an age requirement to join?
- ◆ Is there an income limit to be eligible?
- ◆ Can I have Medicare Part D and still be eligible?

Benefits

- ◆ Will prescriptions for preexisting conditions be covered? Is there a limit on benefits for preexisting conditions?
- ◆ Are drugs provided through mail order service or retail pharmacy?
- ◆ Will the plan cover generic drugs, brand name drugs, or both?

- ◆ Are my current prescriptions covered?
- ◆ Which drugs are not covered?
- ◆ Must I use a “participating pharmacy?” If so, which pharmacies?
- ◆ Can I get price quotes for my prescriptions to compare before I buy?
- ◆ Is a minimum order amount required?
- ◆ Do I have to pay shipping and handling charges?
- ◆ Is there an annual maximum on the benefits I can receive?

Costs

- ◆ Is there a membership or enrollment fee?
- ◆ Is there a monthly premium or maintenance fee?
- ◆ Can I be dropped from the plan for reasons other than not paying the premium?
- ◆ What are my copayments?
- ◆ Are there alternative payment options (i.e., automatic bank withdrawal, monthly or quarterly vs. annual premium payment)?
- ◆ Will the money I save be greater than all of the costs of the plan?

Consumer Protection

- ◆ Is this a plan regulated by the State of Illinois?
- ◆ Is there a customer service toll-free line?
- ◆ Have any complaints been filed against this plan?

Federal Prescription Drug Assistance

Medicare

Medicare **Part B** only covers prescription drugs in two limited situations:

- Immunosuppressive drugs for a Medicare approved organ transplant, and
- Certain anti-cancer treatment and anti-emetic (anti-nausea) drugs.

However, these benefits only affect a small percentage of people on Medicare. Prescription drugs **not** administered by a health professional are covered under Part D of Medicare.

Medicare Prescription Drug Coverage (Medicare Part D)

Beginning January 1, 2006, the voluntary Medicare prescription drug coverage, also known as Medicare Part D, became available to people with Medicare. Individuals have a seven-month enrollment period similar to Medicare Part B when they first obtain Medicare eligibility, to choose a plan that meets their needs. Additionally, Medicare offers an Annual Open Enrollment Period from October 15 to December 7 each year. At this time, individuals can switch plans or enroll in a

plan for the first time. Persons, who do not have creditable drug coverage and are enrolling for the first time, may face penalties for not enrolling when first eligible. Medicare prescription drug plans may vary but, like other insurance, enrollees will pay a monthly premium and a share of the cost of the prescription drugs. **Extra Help** is available to low-income beneficiaries to help pay the premiums and/or some of the costs of the prescriptions. People on Medicare should call the Social Security Administration at 1-800-772-1213 to determine eligibility or to have an Extra Help application mailed to them.

All Medicare Part D drug plans must provide at least a standard level of coverage. Some plans may offer more coverage and/or a broader range of drugs for a higher monthly premium. Before enrolling in a Medicare prescription drug plan, it is important to choose the one that best meets your needs. For more information, contact SHIP at 1-800-548-9034, call Medicare at 1-800-MEDICARE, or go to www.medicare.gov on the web. Your *Medicare & You Handbook* or *Guide to Choosing a Medicare Prescription Drug Plan* has more detailed information about Medicare Part D coverage.

Pharmaceutical Assistance Programs

An additional tool available through the Medicare website is a search for Prescription Assistance Programs offered through pharmaceutical companies for specific drugs they manufacture. The tool allows a search by specific prescription name and lists which pharmaceutical manufacturers are offering assistance with the cost of that drug. For information, visit www.medicare.gov/pharmaceutical-assistance-program/Index.aspx

Medicare Advantage Plans

Medicare managed care plans, referred to as Medicare Advantage (MA) plans, may offer Medicare Part D prescription drug coverage. This benefit usually requires a copayment from you.

Important! Before joining a MA plan, be sure the doctors and hospitals you use will accept the MA plan's card. With the exception of a Private-Fee-For-Service (PFFS) plan, joining a MA plan will most likely cause your current medigap carrier to drop your coverage. When you are enrolled in a MA plan, you must receive all your Medicare benefits and services from the MA plan. **Some** MA plans allow their members to go to doctors outside their "network," but at a greater cost.

Call SHIP at 1-800-548-9034 to find out if a Medicare Advantage plan is available in your county.

Veterans

Veterans may receive prescription drugs from a Veterans Administration (VA) facility at a reduced rate or, in some cases, free of charge. Veterans should inquire with the local Veterans Affairs office or nearest VA facility. Contact the VA at 1-800-827-1000 or at www.va.gov on the web.

Veterans may wish to join a Medicare drug plan, but are not required to do so.

Prescription drug coverage under the VA is

State Prescription Drug Assistance

Illinois Comprehensive Health Insurance Plan (ICHIP)

The Illinois Comprehensive Health Insurance Plan (ICHIP) will supplement your Medicare coverage if you meet their eligibility requirements and have no other insurance. ICHIP plan benefits will be

considered creditable coverage. Therefore, if a veteran chooses to delay enrollment into a Part D plan, he or she would not incur any penalties.

Medicare Supplement Plans

Beginning January 1, 2006 the Medicare Modernization Act prohibited the purchase of Medicare supplement policies covering prescription drugs. Individuals now holding a Medicare Supplement, or medigap Plan H, I or J are allowed to keep it. However, medigap policies that include prescription drug coverage can no longer be sold. This medigap drug benefit is not considered creditable coverage for Part D.

Individual companies may have unique programs available in addition to their Medicare supplement plans, such as discounts for prescriptions, glasses, dental care, etc. For more information, please contact the medigap company directly. Visit <http://www.state.il.us/aging/> for a guide that lists these companies.

reduced by any amount paid under Medicare Parts A and B. For more information, call ICHIP toll-free at 1-800-367-6410 or on the web at www.chip.state.il.us.

Illinois Department of Public Health

The Illinois Department of Public Health (IDPH) provides assistance to Illinois residents who have HIV or AIDS. The program is called the AIDS Drug Assistance Program (ADAP). New applicants as of July 1, 2011, and those previously enrolled clients whose status is classified by ADAP as “*closed*” at the point of enrollment, will be assessed at an income threshold of 300% of the federal poverty level (FPL). Active Applicants enrolled in ADAP prior to July 1, 2011, that are classified as “*active*” with ADAP prior to July 1, 2011, will be assessed at the initial federal poverty level (FPL) determined by ADAP prior to July 1, 2011, but not to exceed 500% FPL.

If an active ADAP applicant enrolled prior to July 1, 2011, fails to reapply during the required reapplication time period and becomes “*closed*,” the applicant will then be reassessed at 300% FPL standard.

The program provides 80 different drugs and has a \$2,000 monthly cap on benefits in most cases. Contact Illinois Department of Public Health at 1-217-782-4977 or at www.idph.state.il.us/health/aids/adap.htm on the web.

Illinois Rx Buying Club

To become a member of the Illinois Rx Buying Club, you must be an Illinois resident, age 65 or older, or disabled. Members pay an annual \$10 administrative fee and can receive average discount savings of 20% on prescriptions purchased at participating pharmacies. The Club also offers a mail order service for larger savings. There are no income restrictions, and no prescription limits. For more information, or to receive an application call 1-866-215-3462 or www.illinoisRxBuyingClub.com on the web.

Medicaid

The Illinois Department of Human Services (IDHS) administers the Medicaid Program and can provide further information on program eligibility. Call the Bureau of Customer Inquiry and Assistance toll-free at 1-800-843-6154 or visit www.dhs.state.il.us/ on the web.

Current Medicaid recipients may obtain information about their benefits by calling the Illinois Department of Healthcare and Family Services at 1-800-226-0768.

Other Helpful Resources

Benefits Check Up

Benefits Check Up is a website sponsored by the National Council on Aging. It provides assistance in searching for help in paying for prescriptions, filing for Federal Extra Help, or searching for assistance in

paying for food. The assistance is free, and helps you to research what government programs, as well as the various pharmaceutical manufacturers' assistance programs, you may be eligible for before contacting the individual programs. This assistance can be found at www.benefitscheckup.org on the web.

Employer Group Health Plans

Your Employer Group Health Plan may offer prescription drug coverage to retirees. Check with the benefits division of the company from which you or your spouse is retiring.

The Medicine Program

The Medicine Program provides assistance to individuals seeking help with the application process of the PhRMA Patient Assistance Program mentioned previously. This assistance is not free; a fee is charged for every drug application. Check with the Medicine Program to determine the cost of assistance. Contact the Medicine Program for more information at 1-573-996-7300 or via the website at www.themedicineprogram.com.

National Organization for Rare Disorders, Inc. (NORD)

NORD sponsors a patient assistance program to help uninsured or underinsured individuals obtain life saving or life sustaining drugs. NORD also administers early access programs, which provide access to investigational new drugs approved by the FDA, prior to these drugs being available on the market. All of NORD's programs are subject to different eligibility criteria. For more information on this program please call 1-800-999-6673 or you may visit their website

<http://www.rarediseases.org/patients-and-families/patient-assistance>

Needy Meds

This website lists “special programs to assist people who can't afford to buy the drugs they need” in an easily accessible manner. The website has a listing of prescription drugs and pharmaceutical manufacturers' patient assistance programs. This group also makes available, for a fee, the *Needy Med\$ Manual*, which lists everything found on the website in printed form. They can be reached at 1-215-625-9609 or on the web at www.needymeds.com.

Partnership for Prescription Assistance

America's pharmaceutical companies have partnered with the American Academy of Family Physicians, the National Alliance for Hispanic Health, the NAACP, and the National Medical Association to create the Partnership for Prescription Assistance to assist qualifying individuals with enrollment in programs which provide prescription drugs at no cost or very low cost.

Individuals who qualify will be directed to the public or private programs that meet their specific needs and qualifying criteria. The Partnership for Prescription Assistance helps low-income, uninsured patients enroll in existing patient

assistance programs or gain access to free or low-cost brand name medicines.

For more information on the Partnership for Prescription Assistance, call 1-888-477-2669 or log on to www.pparx.org on the web.

Patient Assistance Services

Patient Assistance Services provides assistance to individuals seeking help in accessing the various drug plans available nationwide. This service charges application and processing fees, but may help you greatly reduce your overall drug costs. For more information, contact Patient Assistance Services at 1-877-463-1905 or on the web at www.patientassistanceservices.com.

Rx Hope

Rx Hope is a private firm, funded in part by the Pharmaceutical Research and Manufacturers of America (PhRMA), which provide links to the various prescription assistance programs. Once a physician or patient advocate registers with Rx Hope, they will be able to access the assistance programs and the prescriptions they provide on-line. For more information, contact Rx Hope by phone at 1-908-713-7600 or at www.rxhope.com on the web.

Rx Assist

Rx Assist is a web-based medication assistance resource center funded by the Robert Wood Johnson Foundation. It offers a comprehensive and up to date database of patient assistance programs. They do not operate any medication programs. Each program in the database has its own rules; however, typically income is limited to 200% of federal poverty level. For assistance, contact 1-401-729-3824 or on the web at <http://rxassist.org>.

Johnson & Johnson Patient Assistance Foundation

Johnson & Johnson offers free prescription medication donated by their operating companies. Participants must have NO private or public health insurance, must live in the U.S., and must have income of 400% of the federal poverty level or less, depending upon household size. The program can be found on the web at www.access2wellness.com or by calling 1-866-317-2775.

Rx Outreach

Rx Outreach is a non-profit charitable organization which is a fully licensed mail order pharmacy. The annual income limit to participate is \$32,670 for individuals; \$44,130 for households of two, and increases with additional dependents. Most drugs can be purchased for \$20 for a 180 day supply plus an administrative fee. For more information, contact 1-800-769-3880 or on-line at www.rxoutreach.org .

AgeLityRx

This plan provides prescription discounts to members at participating pharmacies only. Drug prices fluctuate frequently and the pricing tool is informational only. On average, members save 15% on brand name drugs and 40% on generics. For more information contact them at 1-866-243-5489 or on the web at <http://agelityrx.com> .

Caring Voice Coalition

Caring voice coalition was formalized to meet the unmet needs of the orphan disease population. Caring Voice is a national, non-profit, charitable organization. Many of the medications that are covered are biologicals used to treat conditions such as complex partial seizures, pulmonary hypertension, Huntington's Disease, Pulmonary Fibrosis and others. Applications can be made online at www.caringvoice.org or by calling 1-888-267-1440.

Chronic Disease Fund

Chronic Disease Fund is an independent, non-profit, charitable organization that helps patients with chronic disease, cancer and other life-altering condition obtain medication they need. CDF assists patients throughout the U.S. who meet income qualification guidelines and have private insurance or a Medicare Part D plan but cannot afford the cost of specialty therapeutics. Currently, CDF supports patients with various types of cancer, multiple sclerosis, asthma and macular degeneration, to name a few. All enrollment forms are processed the day they are received. Applications for assistance can be accessed by going to www.cdfund.org on the web.

HealthWell Foundation

Established in 2003, The HealthWell Foundation is a non-profit organization that assists individuals with insurance who cannot afford their copayments, coinsurance and/or premiums for medical treatments. HealthWell provides assistance for individuals suffering from a specific list of diseases such as asthma, chronic gout, Crohn's disease, Systemic Lupus Erythematosus and some forms of cancer, to name a few. Applying for assistance can be done by calling 800-675-8416 or visiting www.healthwellfoundation.org on the web.

Patient Advocate Foundation Co-Pay Relief

The Patient Advocate Foundation Co-Pay Relief Program provides direct financial support for pharmaceutical copayments to insured patients, including Medicare Part D beneficiaries, who financially and medically qualify.

Co-Pay Relief is available for patients being treated for breast, colon and non-small cell lung cancers, multiple myeloma, osteoporosis, pain, hepatitis C and electrolyte imbalance. Benefits can be requested and a more detailed list of qualifying medical conditions can be found by contacting Co-Pay Relief by phone 866-512-3861 or visiting www.copays.org.

by this assisting organization are Chronic Myelogenous Leukemia, other metastatic cancers and a variety of more rare genetic disorders. Applications can be filled out online at www.uneedpsi.org or by calling 800-366-7741.

Retail/Mail Order Discount Prescription Programs

With the incredible number of retail prescription programs, as well as the vast number of manufacturers' discount prescription programs available, SHIP suggests individuals seeking this type of assistance utilize Benefits Check Up, found on the web at www.benefitscheckup.org. Persons without Internet access can call SHIP at 1-800-548-9034 for further assistance.

Patient Services Inc.

PSI has provided premium and copayment assistance for medication and treatment associated with certain chronic illnesses for over 20 years. Medicare Part D co-insurance is a specific service line provided by this organization. The illnesses covered

Resources for the Uninsured & the Underinsured

Coast2Coast Rx Card

The Coast2Coast Rx Card is a free discount prescription card provided to residents of participating townships, cities, counties and states. Participating U.S. pharmacies have provided annual savings

up to 55%. Savings on a single prescription can be up to 75% off the retail price of the drug. Card savings can apply to both brand name and generic drugs. There are no age or income guidelines for use. There are over 59,000 participating pharmacies that accept this card. This card can be used in instances when someone has a high deductible, the medication isn't covered by one's insurance or the card-holder is in the Medicare Part D coverage gap or "donut hole." One can register and print a card, immediately, by visiting www.coast2coast.com on the web.

National Association of Counties

NACO offers a prescription discount card for the uninsured. Residents of Cook and the collar counties of Will, Kendall, Kane, DuPage, McHenry and Lake are covered by this discount offering. This card does not work with any other insurance. It can be printed directly from a home computer. Users of this card can see an average of 24% savings on prescription drug costs. To see if your county is covered by this program, visit www.nacorx.org on the web or call 877-321-2652.

Find a Health Center

Federally-funded health centers care for you even if you have no health insurance. You pay what you can afford, based on your income. These health centers can provide: check-ups when you are well, treatment when you are sick, complete care for pregnant women, immunizations and checkups for children, dental care and prescription drugs for entire families and mental health and substance abuse care. Health centers are in most cities and many rural areas. By visiting http://findahealthcenter.hrsa.gov/search_hc.c.aspx and typing in your address, you can see a list of the closest health centers to your location.

Illinois Preexisting Condition Plan

The Illinois Preexisting Condition Plan (IPXP) is a health insurance program for uninsured Illinois residents with a preexisting medical condition. The program is paid for through federal funding and participants' premium payments. IPXP premiums are based on age, address, tobacco use and which deductible option the enrollee chooses. The eligibility requirements for IPXP are as follows: You must be a U.S. citizen, national or legal resident; You must be an Illinois resident; You must be uninsured for six consecutive months before applying; and You must have applied for individual health insurance and been rejected by an insurer due to health reasons OR you must have a physician's letter confirming any of the Presumptive Medical Conditions or a pre-existing conditions. For more information or to get an application, call 877-210-9167 or visit <http://www.state.il.us/aging/> on the web.

What is SHIP?

- The Senior Health Insurance Program (SHIP) is a **free** insurance counseling service for people on Medicare and their caregivers. SHIP is sponsored by the Illinois Department on Aging. This service, offered statewide, is available to Medicare beneficiaries of all ages.
- SHIP is **not** affiliated with any insurance company.
- SHIP counselors do **not** sell or solicit any type of insurance.
- Counselors are trained by SHIP to:
 - √ Answer questions about Medicare, Medicare supplement, Medicare Advantage, long-term care insurance, prescription drug coverage and other health insurance;
 - √ Organize and assist in filing Medicare and Medicare supplement claims;
 - √ Analyze Medicare supplement and long term care insurance policies;
 - √ Educate consumers about Medicare, Medicare supplement, long term care insurance, Medicare Advantage plans and other health insurance.
